In a clinical emergency, it is expected that a practitioner will render whatever care they deem necessary to save a life, organ or limb in accordance with sound professional practices. Please be aware that this form constitutes your application to be credentialed for specific areas and procedures while on assignment through Next Medical Staffing. The credentialing Committee may not consider for approval clinical capabilities where a box is not checked.

The information I have given is true and accurate to the best of my knowledge, and I hereby authorize Next Medical Staffing to release this Clinical Capabilities Checklist and related documents to staffing clients of Next Medical Staffing.
